FOREWORD

Journal of Ners and Midwifery (JNK) is a newly launched, peer reviewed, open access academic journal which comprises the the results of research conducted by researchers focusing on health. By publishing high-quality and novel articles in a wide range of categories, this journal is dedicated to expanding and evolving the knowledge of health especially nursing and midwifery. Researchers and scientist will be able to obtain valuable information and innovative ideas from JNKarticles. The mission of JNK is to provide readers and researchers with a reliable source of information relevant to current developments and discoveries of nursing and midwifery topics. The journal also acts as a forum for exchanging interdisciplinary scientific knowledge from professional and an educational point of view. JNK emphasizes the importance of the worldwide collaboration and cooperation in various fields of health. The topics covered in this journal include all of the nursing midwifery which is relevant to health. Any types of manuscripts submission, original research articles, review articles, new technology reports, are all welcomed. To sum up, the latest concept in a variety of research area is collected and summarized in this journal for the readers.

We are deeply grateful to all of the authors for their excellent works and remarkable contributions. Each issue offers useful reports and articles to the readers. We encourage both readers and researchers to submit manuscripts especially in health disciplines. We are looking forward to receive extraordinary manuscripts and to promote the development in the cutting-edge of health.

Blitar, April 2024

Wahyu Wibisono, S.S., M.Pd., M.A.
Department of Midwifery, STIKes Patria Husdada Blitar

AUTHOR GUIDELINES

The manuscript is written in English only in the form of narrative with an effective and academic language style. The manuscript of the research results should be arranged systematically. Please prepare your manuscript before submission, using the following **Author Guidelines**:

1. Title

- a. Describing the basic content of writing in a concise and clear way, written no more than 12 words.
- b. The Titles are printed with 12 Times New Roman fonts, Capitalized each words.

2. Author

- a. Typed without title and consistent in name spelling accompanied by author's footnote address

3. Address

- a. The address specified is the Author Department, Affiliation and Country

4. Abstract

- a. Is the summary of all manuscript, Including: Problems, Objectives, Methods, Results and Conclusions (IMRAD: Introduction, Method, Result, and Discussion).
- b. Abstract is typed with full grammatically correct sentence.
- c. Abstract is not more than 250 words

5. Keywords

- a. Consist of 3-5 keywords, comma separated

6. Introduction

- a. Includes a description of the background of the problem, the scope of the research and literature review related to the issues studied.
- b. The length is not more than two pages.

7. Methods

- a. Contains an explanation of the design, population, sample, variables, instruments, time, place, and technique.
- b. The method should be explained completely so that other researchers can retest it.
- c. References (bibliography) are given in less obvious methods.

8. Result

- a. An objective description of the results of the community service and discussion
- b. Clearly explained in the form of narration and data based on the purpose of the study, if necessary accompanied by illustrations (paintings, drawings, graphs, diagrams), tables or photos that support data,
- c. Simple and not complicated.
- d. Result that have been described with tables or illustrations does not need to be explained complicatedly.

9. Discussion

- a. Explain the meaning of the research includes: facts, theories and opinions.

10. Conclusion

- a. It contains a conclusion that answers the research questions. The Conclusions are written in the form of essays not in numerical form.

11. Suggestion

- a. It contains suggestions of the research results in the form of narratives not detailed in points referring to research objectives.

12. References

- a. Reference sources (literature) wherever possible is a literature published in the last 10 years preferably is the result of research reports (thesis, thesis and dissertation) and scientific articles in scientific journals / magazines.
- b. The references are compiled based on the APA (*American Psychological Association*) style, as follows:

Book:

Anderson, D.W.; Vault V.D.; & Dickson, C.E. (2016). *Problems and Prospects for the Decades Ahead: Competency Based Teacher Education*. Berkeley: McCutchan Publishing Co.

Article in Journal:

Suprajitno, S., Sunarno, I., & Ardiansah, O. (2018). Perception of Supervisor taking Medicine about The Side Effect of Tuberculosis Medication for Patients. *Jurnal Ners dan Kebidanan (Journal of Ners and Midwifery)*, 5(1), 058-061. doi:<https://doi.org/10.26699/jnk.v5i1.ART.p058-061>.

11. Citation

- a. Referrals and Quotes using confined referral techniques (name, year). Example: (Ahsan, 2009).

12. Mathematical Equations

- a. Write clearly. The Decimal number is marked with a comma for the Indonesian language and a point for English.

13. Table

- a. As simple as possible, sent in MS Word format.
- b. Tables are numbered and referred sequentially in text,
- c. Table numbering followed by a period (.)
- d. The title is written at the top of the table, please write briefly and clearly and beginning with a capital letter that only begins with the title of the table covering what, where, when.
- e. Note or description when necessary (at the bottom of the table, to explain abbreviations in the table).
- f. All of the abbreviations in the table should be explained in the footnotes.
- g. The lines in the table use only horizontal lines using no vertical lines.
- h. Tables should be referred in the discussion.

14. Illustration

- a. In the form of paintings, drawings, graphs or diagrams are numbered and referred in sequence to the text.
- b. The title is given briefly and clearly under the illustration (not in the illustrations).
- c. Captions on illustrations or photos are created without using a border.

15. Gray scale / Colored photo

- a. Contrast, Sharp, Clear and Preferably taken in JPEG format, or other editable digital format.
